Dear Parent/Carer,

NESSY – Reading and Spelling Screening

In Year 3, we find it helpful to screen all pupils using a Reading and Spelling programme, called NESSY. Not only does this screening help us to identify children who would benefit from additional practice with reading and spelling, it also enables us to identify children who might benefit from extra support with other learning skills, such as working memory and information processing.

The screening will take place the week beginning 25 September. Once we have the results, we will be in touch to let you know the outcome. If we find that your child would benefit from any additional support, including the NESSY intervention programme, we will send home further information.

Please complete the Google Form: <https://forms.office.com/e/fK9UjQnJLc> to give or withhold consent as soon as possible. If you have any questions, do please see or email your child's class teacher.

Kind regards,

The Inclusion team
