

Year 1 Homework- Spring Term 2024

Why are animals amazing?

Welcome to your Spring Term Homework.

This half term, we are learning about animals - both fictional characters and real animals. We hope you enjoy the learning and look forward to sharing what you have been learning at home. As we are limited in what we can share in class, perhaps you could email photos to: Year1@billingshurstprimary.org.uk so that we can then share them on the big screen with the other children. Sometimes there are days when we have more time than others so please do not expect your child to have shown it on the day it comes in. Have a go, try you best and have fun! Happy homework!

Reading

Animals everywhere...

There are hundreds of stories about animals; try sharing some of these classics before bed.

'Owl babies' - Martin Waddell

'Elmer' - David McKee

'A bear called Paddington' - Michael Bond

Maths

Number Bonds to 10!

Can you remember all of the number bonds to 10? Make a poster, a game or some cards to help you to learn them off by heart.

Reading and Writing

Animal Facts!

What can you find out about an animal of your choice? With help from an adult, use the internet or read a non-fiction book to discover interesting facts about your animal. You can present these however you like! Maybe you will write a fact file or design a poster?

Be creative!

Can you create a painting, picture or collage of an animal?

Can you make a 3D model of an animal of your choice?

History

Mary Anning

Have a look at this fossil. Which dinosaur do you think it has come from? Why do you think that? Can you draw the whole dinosaur?

Science

Can you draw and label the different body parts of an animal?

Have a go at carefully drawing an animal of your choice. You might want to use a picture to help you. Can you label the body parts using a ruler?
